
Tutorial Neo4J Install

Download Community Edition - Community Server:

<https://neo4j.com/download-center/>

Linux/Mac Neo4j 3.5.12 (tar)

Windows Neo4j 3.5.12 (zip)

Run: `./neo4j console`

Visit: <http://localhost:7474/browser/>

Default login:

Username: neo4j

Password: neo4j

Common problems in Windows:

Could not find java at C:\Program Files (x86)\Java\jdk1.8.0_181\bin\java.exe

Follow the instructions to set the javaPath in the NEO4J_HOME\bin\Neo4j-Management\Get-Java.ps1 file here: <https://github.com/neo4j/neo4j/issues/12057>

For example, change

```
$javaPath = "
```

to

```
$javaPath = 'C:\Program Files\Java\jdk1.8.0_181'
```
